

# SAMTEC CARES ANNUAL REPORT

JULY 2019 – DECEMBER 2020

The Samtec Cares Grant Program was created to positively impact and assist charitable organizations within the communities where our employees live, work and play, using rotating areas of focus that are important to our employees worldwide.

Being a good corporate citizen of a community carries with it responsibility. Since the majority of Samtec employees come from cities and towns surrounding our facilities, Samtec seeks to have a big impact through giving in these areas.
